BORAH ASKS FOR HEARING ON FARM RELIEF

Movement For Extra Meeting Winning Favor

WASHINGTON, Oct. 26—(U.P.)—A movement to call an extra session of congress to dispose of the farm relief question was started tonight by Senator Borah, Idaho republican.

In a formal statement, Borah declared he was in favor of an extra session immediately unless some assurance was given that farm relief problems would be settled in the coming short session of congress.

The Idaho senator, one of the main campaigners for the republic party, had lunch and conferred with Herbert Hoover, today. He issued his statement after returning to his office.

"I would like to see the session called at once," Borah said, "and, first, pass a tariff bill with a special view of increasing duties on farm products; second, pass a marketing bill establishing a more satisfactory marketing system so as to enable the farmers to market their products without being put to the enormous expense which is now necessarily incurred—a bill of this nature is now pending in the senate.

"Third, create a farm board with ample authority and with ample funds to assist the farmer in marketing his surplus in accordance with sound business principles.

"I think there are three propositions in the question of farm relief which can be covered by a special session so as to enable the farmer to get the benefit of the legislation for next year's crops.

"As I see it we ought to have a better marketing system and we ought to have a farm board with authority and with funds to co-operate in disposition of the surplus.

"The campaign has developed this question and these issues so that there should not be any unnecessary delay and agriculture would get the benefit of it for the coming year. There is every reason for a special session and to my mind no sound reason against it."

\$89,669 Shortage Charge Made In N.M.

SANTA FE, N. M., Oct. 26—(U.P.)—Direct charges of \$20,224.02 and suspended charges of \$69,445.18 have been made against R. M. Carter, former state comptroller, by Gilberto Mirabel, present comptroller, after an audit of the books of the department from April 1923, to December, 1926.

The direct charges include an item of \$5,509.69, which the audit claims to be an actual cash shortage in the accounts of the former state comptroller.

Carter, in statements to the press, answered the auditors with the claim that the charges are based on technicalities and have no real foundation.

Three Youths Held In Auto Slaying

LOS ANGELES, Oct. 26—(U.P.)—Three youths suspected in the murder of Ralph O. Trump, University of Nebraska graduate, shot while he sat in his automobile with Miss Marjorie Ulmen, were in custody tonight.

One of the trio, Charles Benjamin, 23, was selected by Miss Ul-

men as looking "something like the man" who fired the shot. She was unable to extend the partial identification to Henry Dearon, 24, and Dan T. Long, 22. Police said a .32 calibre gun, such as was used by the killer, was found in the men's hotel room.

Free Vaccination Clinic Opens Today

City Health Commissioner Dr. C. R. Blake last night broadcast an appeal for parents to have their children take advantage of the free vaccination and immunization clinic to be conducted at the Richmond Health Center, starting this morning.

Under the direction of Dr. Blake all persons over one year of age will be given free vaccinations and immunizations against smallpox and diphtheria every Saturday morning at the Health Center, 235 Ninth street. Mrs. Novah L. Purhance, director of the Health Center and her assistants, will assist Dr. Blake in the work.

A new type of smallpox, believed to have been imported from Mexico or the Orient has been taken a large number of lives in this state. This disease can be avoided only by wholesale vaccination of children of school age Dr. Blake asserted.

Dr. Blake declares that children in school should not only be vaccinated against smallpox, but should be immunized against the dangers of diphtheria. This requires three visits each a week apart and entails no discomfort to the patient.

COPENHAGEN, Oct. 25—(U.P.)—The Nobel prize in medicine for 1928 was awarded to Prof. Charles Nicolle of Tunis, for his efforts in combating typhus. It was announced today.

Mrs. Haldemann-Julius, who was charged with advertising without a permit, was released 30 minutes after her arrest, and resumed the picketing.

Before a mass meeting of Berkeley and Oakland citizens last night in Berkeley, Dr. David P. Barrows, former member of the East Bay Municipal Utility board, endorsed the candidacy of Henry A. Johnston, Richmond man, who is seeking a position on the utility district board of directors.

Harmony is needed on the board Dr. Barrows said. With the election of Johnston, harmony can be brought to the board, Dr. Barrows stated.

The meeting which was under the direction of Mayor Driver of Berkeley, was also addressed by Grant Miller, present member of the board. Miller declared that Johnston has his approval for co-

31 KILLED IN WRECK

BUCHAREST, Roumania, Oct. 26—(U.P.)—All employees of the railroad station at Recca, where two fast passenger trains collided early today, were placed under arrest tonight in connection with the disaster.

Relief workers still were on the scene tonight with the death toll placed at 31. Passengers said there apparently were no railroad employees at the station when a Simphon Orient express train raced through an open switch and crashed head-on into another passenger train. The early work of rescue was undertaken by the passengers who were less seriously injured.

SAFETY RULE URGED BY JURY

No blame for the accident at the Standard Oil plant on Oct. 11 which cost the lives of two men was fixed by a jury. Hearing evidence at an inquest conducted last night in the offices of Coroner Aubrey Wilson.

The jury however recommended that safety rules of the company be enforced.

Testimony was presented by Robert Linebaugh, driver of the truck, testified that he did not see or hear the approach of the train. No one was riding with (Continued on Page 6)

SAFETY GATE TO BE TESTED

School and civil authorities will witness a demonstration of a safety gate patented by F. W. McFarland, of Martinez, and William Long of Bay Point at Martinez Monday afternoon.

McFarland and Long appeared before the Richmond city council several months ago and demonstrated their device. It may be used at a railroad crossing and authorities at Martinez believe it adaptable for the Castro street crossing there.

When a train approaches, a warning signal is given and a gate shoots out directly across the street in front of the tracks. It is constructed that if a machine hits the gate, it will be thrown back, without any damage being done. The invention has been lauded by state and municipal traffic officers and the railroad commission.

ZEPPELIN TO HOP SUNDAY

LAKEHURST, N. J., Oct. 26—(U.P.)—Having abandoned its proposed flight of the central United States, the dirigible, Graf Zeppelin will be ready to start its return trip to Germany by 5 p. m. Sunday, naval officers announced late today.

In the absence of Dr. Hugo Eckener, commander of the great airship, it was impossible for naval officers to predict when the return trip would start, but they were confident that fueling of the bag and tuning of its motors would be completed in time for a late start Sunday if desired.

Eckener said he was anxious to return to Germany as soon as possible after finding it necessary to cancel plans for the inland flight. He hoped to make several inland flights over Europe before the winter snows, he said.

As soon as the cancellation of the western flight was announced the work of preparing the craft for its return trip was started. Fourteen of the original passengers will be on the ship on the return trip. It was announced, while six Americans have paid \$3000 each for the privilege of making the flight.

Three men have already been executed for the Sly-Fanner murders in Cleveland while the city was celebrating the passing of the old year eight years ago.

Local officers said Piazza has been watched by Cleveland officers for several months and they believe he was the fourth man involved in the slayings.

Dirigible Base May Be Built Near Here

The district immediately surrounding Richmond, preferably on San Pablo bay offers the best site for the construction of one of the hangars for the two huge navy dirigibles to be stationed on the Pacific coast.

This statement was made before the Vallejo Rotary club by Rear Admiral W. G. Laws, commandant of Maro Island who declared that he had recommended to the navy department that a dirigible base be established on San Pablo avenue.

The section from Richmond to Vallejo offer the best conditions for the maintenance of the dirigibles of the air, according to Admiral Laws.

Deceased was 80 years of age and was a member of the Alpha lodge of Masons. He is survived by a brother, E. A. Marshall, of Richmond; a sister, Mrs. B. F. Miller of Sacramento and a brother R. S. Marshall of Chico. Funeral arrangements are pending.

REAPPORTIONMENT

It is not difficult for the thinking voter whose interests are outside of the big cities of California to see that the battle to reapportion the legislative representation of the state is going to be one in which the battle lines are sharply drawn.

It is as plain as the hole in a grindstone that the country voter must vote if he is to have a voice in the government of the state because as it stands NOW the representatives of the 'Big City Counties' in the State Senate, can, getting together, 'put over' any legislation they desire and if the other counties don't like it they can take it out in cussing or in any other childish relief for their feelings.

The people of the state have voted to put into effect the Federal plan of giving every county equal representation in the 'upper house' of the state legislature and now they must do it a third time by voting yes on proposition Number One on the November ballot.

There is no discussion necessary. Everyone knows that equal representation is fair and in justice should be accorded every county. This can be attained only if every voter in the counties outside of Alameda, San Francisco and Los Angeles will vote YES.

Even that is not enough to win, but there are enough fair-minded VOTERS who are not interested in politics for their own sake to bring the balance to us.

When November has passed let it not be said that any voter who resides and has his being in Contra Costa county so far forgot himself, his family and his friends as to fail to VOTE YES on Proposition No. 1.

RIPARIAN RIGHTS

Although No. 7 on the November ballot involves a method of settlement for the long disputed question of Riparian rights, to determine which citizens and property owners of the State of California have expended millions of dollars in the past half century, the fact remains that there is no organized opposition to the ratification of this measure which was passed almost unanimously by both the Assembly and the Senate in the last session of the State Legislature. This measure, popularly known as the water amendment, will upon its ratification in November become the law of the land; in which event California will have arrived at the beginning of a new era in the development, conservation and distribution of its vast water resources.

Not since the system of popular voting has been in vogue in this state has such an important measure been submitted to the electors of the commonwealth. It therefor behooves every citizen to vote in the affirmative on Proposition No. 7.

THE TARIFF AND PAYROLLS

Leslie M. Shaw, secretary of the treasury under President Roosevelt, does a distinct service in calling attention to the dollars and cents of the republican tariff as it affects the average man in the United States.

Twice during the period of its operation the Underwood Tariff cut, to which the democrats now point as their 'ideal of a "competitive" tariff and which put nearly every staple product of the northern farm on the free list, cut the American pay roll by more than \$100,000,000 a week. The first instance came at the beginning of the World War, the second at the time Woodrow Wilson retired from office. In both these periods five million men were unemployed, and Mr. Shaw demonstrates that the unemployment was due largely, if not entirely, to the low tariff.

The republican protective tariff multiplies our industries, increases our payrolls, and contributes to the prosperity of our farmers. It is only self interest to vote for Hoover and continue prosperity.

What Shall I Wear?
BEAUTY
Dear Miss Lane
Do you know of any remedy for bunions? I've been bothered with them for months and can't seem to get rid of them.
Also could you tell me some way to practice walking straight or I try to remember to walk erect as you said but I find myself slouching—Reader.
The best remedy for bunions that I know of is to stretch the entire foot in such good condition that they will never appear.
Soaking the hands in warm olive oil two or three times a week is an excellent way to keep the cuticle soft. If you have been pushing it back with an orange stick wrapped in cotton and dipped in one of the cuticle removers on the market. After using such a preparation, be sure to massage the fingers with cream so that it will not dry up the skin around the nails.
I suggested once before the method of walking around the house with a heavy book balanced on the top of the head to learn how to walk erectly. Bending and turning exercises will help to strengthen the shoulder and back muscle and make it easier to get panels radiate from a wide pointed band of shirring at each hip. Bands of the moire are set in over the slouching habit.
Walking around with a book perched on your head looks rather silly and your family may think you are suffering from temporary insanity if they see you but

ignore their decision and you will develop a straight back and well-poised head.

Bruins Ready To Meet Idaho

MOSCOW, Ida., Oct. 26 (U.P.)—Visitors are coming to Moscow Saturday and their presence will not be entirely welcome at least to Coach Charlie Erb and his University of Idaho Vandals.

Big Bill Korschus, star full-back, is suffering from a wrenched neck and back and will probably play only a part of the game. Orville Hult, Paul Hutchinson, Captain Bugher and Price may also be out of the Vandal starting lineup.

The Bruins are rated on a par with Erb's gridmen, based on comparative scores against Stanford. U. C. L. A. lost to the redskins 40 to 7, while Idaho suffered a 47 to 0 drubbing at Palo Alto last week.

School nurse says

all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercises and habits should be encouraged. But when necessary there is no harm in taking medicine, since it works mechanically and does not disturb the normal functions of any organ of the body. Particularly with girls, there are times when medicine should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause diarrhea or gas pains or griping. Should be different from any other medicine. It contains no drugs or poisons. It can be taken safely no matter how you are feeling because it is so pure and harmless. Give it a trial. Every woman should keep a bottle on hand. Every daughter has this remarkable medicine. Get the genuine."
